At 17:21 hrs, PC Weston #960 requested to take statement from Mrs. Maryam ALIBAGHERI. Mrs. Maryam ALIBAGHERI stated to this officer that she attended the residence after the victim called her and was crying on the phone. The victim said if anything happened to me, to make sure my kids are taken care of.

This scared Mrs. Maryam ALIBAGHERI and she attended the victim's residence at 29 Woodhaven Cres, Richmond Hill. The victim continued crying when Mrs. Maryam ALIBAGHERI attended the residence.

The victim and Mrs. Maryam ALIBAGHERI then went to the second floor and the victim told Mrs. Maryam ALIBAGHERI that they (victim and husband) argued the previous day. The argument was about the fact that the victim's husband could not find any diapers in the house. The victim then told Mrs. Maryam ALIBAGHERI that her husband "squeezed" her by the neck which resulted in scratch marks. Mrs. Maryam ALIBAGHERI observed the scratch marks or red marks on both sides of her neck. The victim then took a pill in front of Mrs. Maryam ALIBAGHERI which she said was for relaxing. Throughout this incident the victim was crying. The victim then went downstairs and had trouble walking down the stairs. The victim then lied down on the floor. The victim kept stating if something happens to me, please take care of my children. Then Mrs. Maryam ALIBAGHERI called emergency services.

Mrs. Maryam ALIBAGHERI stated that she did not want to give a statement because she is friends with the victim and her husband and does want to get in the middle of their marriage.
